SERIOUS STABBING.

A Knife Ends a Quarrel Over a Game of Cards.

A stabbing affray which may yet have a fatal result took place on East Lloyd street last night. The victim was Joseph Gowles, a married man residing at 416 East Lloyd street. His assailant is a young man named William Szamanski. The stabbing was done with the large blade of a pocket knife. Gowles was taken to his home for the stabbing, but has since been confined to his bed. A physician was not summoned until four o'clock this morning, when Dr. Stein was called and found the victim suffering from a wound in the groin, from which the intestines protruded. Dr. Stein put five stitches in the gash. Szamanski was arrested by Policeman Foyte. He made no denial of the stabbing. When arranged before Justice Toomey he admitted his guilt, but claimed that the victim first struck him. Gowles says the quarrel resulted from his winning six dollars from his assailant. Szamanski is held pending the result of his victim's injuries.

The permission was granted. The ringing of the bell attracted a large crowd to the Borough building and a general search for the child was instituted. About half an hour later Mr. Kushwara reported that his child had been returned to his home by a neighbor. He requested that thanks be extended to the Borough Council, Fire Marshal Reynolds, Chief of Police Murphy, the Columbia Hose Company and others who gave him assistance.

NEWS FROM THE COURT.

The First Week of the Criminal Session Closed.

REPORT OF THE GRAND JURY!

A Record Breaker in the Number of Bills Ignored and Saddling the Costs on Prosecutors—Several Recommendations Made.

Pottsville, May 6.—The grand jury completed its labors, and this morning submitted the following report to court: The Grand Inquest of the Commonwealth of Pennsylvania inquiring for the County of Schuylkill for May sessions 1899, respectfully reports as follows: We have placed on the present docket for our action, of which number we have returned 74 as true bills and 87 as no true bills. We have placed on the docket in 74 cases of the bills ignored on the prosecutor, and in 3 cases on the defendant. We have visited the county almshouse and can cheerfully recommend the present management of the same as being the best possible, considering the crowded condition of all the buildings. Thanks are due to the Steward Mendon Fogley and the matron, Mrs. Foley, who are ably assisted by the efficient wardens, Captain James H. Lavan, and the worthy matron, Mrs. Johnson.

The prior and the side corridor of the prison should be paved, painted and refurnished, as its present condition is not very creditable to the county. The wall along the prison front, east from the prison entrance should be repaired so as to conform with the other portion of the building. If repaired soon, the cost will not be large, and delay will occasion the building of a new wall, as it is gradually becoming dilapidated.

We have also visited the county almshouse and can cheerfully recommend the present management of the same as being the best possible, considering the crowded condition of all the buildings. Thanks are due to the Steward Mendon Fogley and the matron, Mrs. Foley, who are ably assisted by the efficient wardens, Captain James H. Lavan, and the worthy matron, Mrs. Johnson.

As a matter of economy to the county, we respectfully recommend the erection of a new slaughter house and a new ice house. The present buildings are positively unfit for their respective purposes. We believe the expense incurred in erecting these buildings would be saved in a very short period, through the saving of ice and fuel.

We would respectfully call attention to the overcrowded condition of the insane department for the males. Humanity requires that some steps should be taken to relieve the same, by having some of the inmates transferred to state institutions.

Constables in the several districts should be required to pay particular attention to the roads in their respective districts. The road leading from St. Clair to Pottsville, by way of East Mine, and the road between Pottsville and Haven, are very much in need of attention.

In conclusion we thank the court and its several officers for assistance rendered us. The present session, ended, during the progress of our deliberations. All of which is respectfully submitted.

D. L. ESTERLY, Foreman. BELLA JOHNSON, Sec'y.

FINANCE AND TRADE

Gratifying Decrease in Business Failures For Last Month.

VOLUNTARY ADVANCE IN WAGES.

Eighteen Bessemer Firms and the Frick Coke Works Increase Wages, and Shows Confidence in the Future. For General Business.

New York, May 6.—R. G. Dun & Co., in their weekly review of trade, say: The failures in April were the smallest in any month since records by months began, 38 per cent smaller than in April of last year, not a third of the amount in 1897, and not half the amount in April of any previous year. Both in manufacturing and in trading they were the smallest ever known in that month, and in trading the smallest ever known in any month, as in manufacturing they were, if the larger failures were omitted.

It is not inconceivable nor strange if business fails, because it has been crowded to the utmost for four months in anticipating future need on account of new combinations proposed. In some cases prices have been advanced so far as to check new business, and in others works have been engaged so far ahead that new orders cannot now be taken. Yet new business in amount which would have been anticipated two years ago is still coming forward, and the voluntary advance in wages by the 18 bessemer firms of the Central association and by the Frick Coke works, whose shipments in April, 30, 42 cars, were the heaviest ever known, show confidence in the future. At Buffalo and in Idaho strikes are causing trouble, but labor questions elsewhere do not affect general business.
